

January 28, 2017

God's wonderful blessings to you in this precious new year that God has graciously given us to be fellow laborers in the harvest. His Kingdom shall have no end! And it is an amazing blessing to be faithfully helping in what seems to be the closing hours of the age. Glory to God in the Highest!

With this letter we wanted to express our deepest thanks to you for your loving prayers and support during this last year. At the end of this letter is a tax record of your loving contributions. The things God has done with them are still astounding to us as we look back to see His handiwork. Thank you so much for choosing to be a part of it! We have labored together with one heart for His glory.

A quick snapshot of things that happened reveals God's heart for His people, especially in Africa. Some of the highlights of 2016 are as follows:

IN 2016 We

- **Completed 19 Schools of Ministry** for 4,153 pastors in Kenya, Zambia, Rwanda, and Malawi with many additional pastors also traveling in from Burundi, DR Congo, Tanzania, Botswana, and Uganda. All our students are functioning pastors. Their average church size is about 100 and many of them oversee multiple churches. It is common to find pastors overseeing as many as 50 churches out in rural areas. They go village to village and across national borders to start them. One bishop who attended from DR Congo oversees 110 churches! One of the new instructors we commissioned this year is the training leader for his Methodist denomination and has been using our videos and his own live teachings to instruct each one of his 50+ churches in two countries. Literally, we are beginning to reach millions in the churches through teaching the pastors. Only God could open such doors!
- **Continued translations** of KFMI books and training materials in French (for pastors in DR Congo, Burundi, and Rwanda) and in Bemba (for DR Congo and Zambia).
- **Began live video broadcasts** into each school when we have a strong internet connection. We were able to do this in four of the 19 schools and the impact was stunning. Imagine pastors from small villages seeing a live teaching on a big projection screen within a dirt-walled village or city church. They were so amazed that someone loves them enough to do such a thing!
- **Launched two new school trainers** which doubles the number of schools we will be able to accomplish in the coming year. Training new trainers (all of them bishops and senior pastors) has been an exciting three-year, hands-on Timothy process and it is proving to be powerful.

Although we have over 430 pastors wanting to become instructors, we are limiting our invitation to thirty. These 30 men and women have each been studying and teaching our materials for the past five years, and they come from Kenya and five other nations. (As you know, our schools teach how to hear the voice of the Lord and obey it, how to operate all nine manifestations of Holy Spirit power such as speaking in tongues and ministering healing, and how to break curses and deal with witchcraft.) They are already accomplished pastors and many of them have planted scores of churches. They are powerfully operating by the Spirit of the Lord and the KFMI Schools of Ministry give them tools to grow further in their ministries. They report dramatic results in church growth and miracles. As a result, invitations to run more schools keep pouring in.

- **Continued various orphanage**, Christian elementary school support, and widows support as needs arise and funds allow. We have several such projects ongoing as God brings them to our attention.

FOR 2017

Because God is opening the doors, we are joyfully seeking to walk through each and every one of them. So we are currently planning on more than doubling the work in Africa for this year (which is a huge reflection of what God has been doing to open these doors). This year we plan to:

- **Spend more time in His presence.** We are realizing the amazing Kingdom productivity truth that the more time we spend resting in the presence of the Lord, ceasing from our work, the more God accomplishes through us. Because of this, and as exemplified by many of the pastors working with us in Kenya who begin each year with forty days of fasting and prayer for the wisdom to set the schedule of schools for the new year, we are expecting to more than
- **Double the number of our schools this year** (to 42+) and pastors attending (to over 10,000) in 2017. This is why the Lord has had us raising up Timothy's over the past few years. They are each free to present our schools in their own manner as they are led by the Holy Spirit. For the material they have mastered, they teach live sessions. They also use our videos to fill in the gaps. In this way, not only does all the material get taught in the four days of each school, but each instructor develops a powerful command of each subject (which is really handy during the frequent electrical failures in African countries).
- **Post new language translations** on the ministry website so more and more of our training materials can be freely accessed. All our foreign language translations are freely available for downloading, and we continue to get increasing requests for our schools in other countries, particularly India. We now have a Bemba translation center in Zambia, and will soon be starting one in Kenya for Kiswahili and its five surrounding Kiswahili-speaking countries.
- **Film a new school in the Chichewa language** for Malawi. I will teach alongside two of our country directors (from Kenya and Zambia) in this February the country of Malawi. This will be

so exciting. It will be my first time there, but the country directors' second time, in presenting a KFMI School in this country. Last year 180 pastors graduated from our school in Malawi, and more are expected to attend this second school. God is so good!

- **Film a new school course in the Kiswahili language** for the previously mentioned 30 instructors in training. I will be teaching on the power of words to help pastors excel to the edifying of the church. This course will enable them to interpret tongues and equip them to operate the manifestation of prophecy. And it will also cover how to discern and guard against false prophetic utterances (which can be rife in Africa), and present the enormous power of words from the throne room. Oppositely, the destructive power of cursed words will be taught especially as it enables witchcraft (which I hate and which African pastors deal with often).

So these are just some of the doors that the Lord is helping us to walk through in the coming year. Let God arise, and His enemies be scattered! We are so grateful for the Lord Jesus Christ's anointing through the Holy Spirit to continue to obey His direction to build His church His way and not our way. We could never have conceived such things, much less figure out how to orchestrate them to happen!

So Rita and I, our directors on the KFMI Board, and all those whom the Lord so lovingly inspires to come alongside to help, thank you. Your kind encouragement throughout the year, your empowering prayers, and your enabling financial support is combining to accelerate the light of God's Kingdom reign in Africa.

With all our deepest love in Christ our King, our Lord, and our First Love,

Paul and Rita Norcross
